It was a great day in the mountains of North Carolina.

Temperatures in the mid-70 and a light breeze welcomed the shooters.
We shot 15 lanes, 2 targets per lane. Chris and Will set up a challenging course just before the match this morning using 15 of the 30 lanes we have for the nationals next month.

Will Piatt continues to shoot at a high level taking Open and match high score, and other class winners were Chris Berry (WFTF), Gerald Long (Hunter Piston), and John Ford (Hunter PCP). After lunch Ginger Piatt treated us to grilled chicken, cole slaw, and a fantastic dessert. Special thanks to Joe for making red and blue lane markers for the nationals. We did some more nationals planning and we are excited to say things are coming together well.
